

The Friendship Alliance

★ stronger together ★

Whereas the Residents of Hays County, including the neighborhoods and neighbors of Northern Hays County (and residents of the City of Dripping Springs, Oak Hill, and Driftwood and along FM1826, FM150, RR12 & US290 and their connectors and feeder roads), continue to be committed to ensuring our water quality, our continued safe and unfettered use of the aquifers, our beautiful environment, the serenity of living in the country, our children’s access to public education, our open spaces, traffic safety and our desired highways, fire safety in the Hill Country, our rural character, and our voice in the civic processes that determine these things, have decided to unite in an Alliance;

Whereas we have joined together to collectively express, promote, pursue, and defend our common interests in governmental proceedings and public concerns related to the community and public goals of preserving and protecting these values;

Whereas our association of residents acts through freedom of association, free speech, and our right to petition government in order to preserve and protect these values; now, therefore, be it

Resolved, that the Friendship Alliance, Inc., a Private, Non-Partisan Alliance of like-minded residents of Hays County, resolves to monitor the public concern and public interest in order that we may protect and preserve the environment, our water quality, our safe and wise use of our aquifers, our serenity and quiet living, our children’s access to public education, our open spaces, traffic safety and our desired highways, fire safety in the Hill Country, our rural character, and our common voice in the civic process.
